Tomato Soup

Take skin off tomatoes (usual

method). Put through food

processor or food chopper. Strain

seeds out. Add celery and onions

after finely chopped in processor.

Cook for half an hour. Add rest of

ingredients and cook until thick-

ened, about 20 mins. Put in steril-

ized jars and process 5 mins.

When using, add a pinch of soda

This is the recipe, but I like it

with water instead of milk. I made

the above quantities three times

now after trying to use our

bumper crop of tomatoes. This

recipe tastes so good I am going

to make loads of cabbage rolls

and use this soup for the tomato

flavour we need to cook them. It

can boost spaghetti sauce be-

sides, being the flavourful soup

4 gts tomatoes

1/2 cup corn starch

1/3 cup sugar

Method:

before the milk.

1/2 lb mushrooms 4 onions 1 cup celery 1/4 cup butter 1/8 tsp cayenne 1/2 cup butter

Method:

Clean, slice or chop mushrooms. Saute with onion in butter. about 5 mins. Mix flour and salt. Add milk gradually, stir and cook until thickened. Season with paprika and serve with chopped parsley on top. This soup is delicious. It is

amazing what a few mushrooms

many soup lovers out there.

Honey and Carrot

Hot Soups for Cold Days

Cream of Mushroom Soup

2 tsps finely chopped onions 1/4 flour 1 tsp salt

4 cups milk Paprika Chopped parsley

I came across this recipe recently and it brought back memories of a delicious carrot soup I had on a visit to Scotland. I thought I might pass it on to the

2 cups finely chopped onions 15 med carrots peeled and finely chopped 4 cups chicken stock 1/4 cup honey 1/2 tsp dried ginger Salt and pepper to taste

Method:

Melt the butter in heavy soup pot. Add the onions and cook until tender. Add the carrots, stock, honey and ginger. Bring to boil then reduce heat to simmer. When carrots are tender (about 30 mins), pour the soup through a strainer, saving liquid. Puree the solids in food processor or mill, until smooth. Return to pot with the liquid, add additional stock if necessary, until soup is of desired consistency. Season to taste with salt and pepper. Serve with a dab of sour cream or whipped cream.

Editor's Note: Christine is on a Sabbatical after this. We'd like to thank her for her delicious recipes and unfailing adherence to deadlines. While Christine is away from these pages, would any reader(s) like to contribute? Your favorite recipes would be

More HamisH

an unfinished attic where dry goods, furs, and more perishable types of merchandise were stored. There were two warehouses for storing the year's supply of stock. One was a standard metal sheathed building located on the river bank where the steamers unloaded the freight. The other was a long, rambling log building which at one time had been a hotel during the days of 98, when the gold rush was on. It had been named ~The Savoy Hotel' and was known as 'The Queen of the Yukon Trail'. It even supplied dog houses for those travelling with dog teams in the winter. A part of this building was set aside as the community ice house. Large blocks of ice were cut from the river in the winter and hauled up and stored in sawdust. Alongside the store was a small log cabin which was the living quarters. This too required a considerable amount of heating which was obtained from a

Padre Bob

I have had the floor for the past few articles but now it is time to allow others to tell the story. Mrs. Debbie Parks, our Sunday School Superintendent, has a real success story and I will turn the column over to Debbie to let her tell it.

Sunday School

After a break for the summer holidays we are all happy to be back to our regular Sunday School classes. Registration was held Sept. 8 and 15, and regular classes began Sept. 22.

Over the last three years we have watched our Sunday School grow from just seven students to a regular attendance of about 40 each week. Because our Sunday School is growing, we have added an extra class this year, and have classes ranging from nursery, ages 3 and 4, to intermediate, ages 11 and up. We are also welcoming some new teachers to our team this year. Welcome to Saundra Tack, Rose Rideout, Brenda Bouchard, and Gail Rodgers. Dave Basham is back with us again, and Mike helps out when he is home from Holberg. We hope to see Liz Basham whenever she gets a day off from her new job.

The curriculum we use is called 'The Whole People of God'. It was put together by the United Church of Canada because they felt that the children should be made to feel a part of the whole worshipping community. Each Sunday the children spend a short time in worship with the adults so they are made to feel a part of the church family. After a theme story with Padre Baker the children retire to the Sunday School where they continue to learn, on their level, the same scripture lessons their parents are learning in worship.

Classes are divided up by age groups and the curriculum is designed in such a way as to keep the children's interest, and to include each of the children in

kitchen range and a living room heater. This apprentice fur trader could see he would be spending a lot of his time out on the wood

The H.B.C. post was the dividing point between the white settlement and the natives' village upstream, to the south. The white settlement consisted of the RCMP barracks, 3 or 4 trappers' cabins, another fur trading store, belong to Taylor & Drury, a Yukon trading company, and Anglican Mission, made up of a small log church building, a log constructed living quarters and a small log school house. At the north end of town was the Gov't T & T (telephone & telegraph) office. This was a connecting link between Whitehorse and Dawson. It was quite a unique system consisting of a single wire carried on poles along the river bank with the river water being used in place of a ground wire.

continued on Nov 7

by Mrs. Debbie Parks, Superintendent

group activities such as stories, songs and discussions. Each week the children get to take home a craft that they have done in class to share with their parents.

The curriculum is divided into six units and at the beginning of each unit, 'Parents' Paks' are sent home to encourage parents to take an interest in the work that the children are doing in Sunday

Mission Project

We will soon be starting work on our Mission Project, which is a project that Sunday Schools across Canada work on together to help raise money for needy communities around the world.

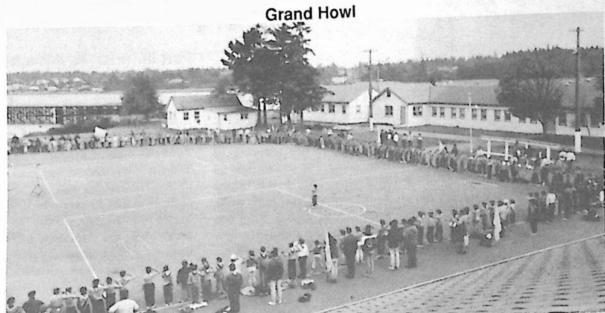

This year we will concentrate on a United Church project called 'Brazil's Street Children'. Our Sunday School students will learn about the eight million youngsters in Brazil who are homeless, defenceless, having to scrounge, beg, borrow or steal for bits of food each day. Through their studies and donations the Sunday School Mission Project for 91/92 will try to improve their

Christmas Pageant

At Christmas our children put on a Christmas pageant for the congregation and later we get involved with Easter activities.

We have a good time every Sunday, laughing, playing, working and learning together. Bring your children and check us out. Parents are always welcome to sit in on any classes to see what we are all about. You are always wel-

Cub Camp at Quadra

Grand Howl on Sunday -- 2/3 of the boys.

On the weekend of October 4, 5 and 6, 1991, HMCS Quadra was occupied by a total of 620 Cubs; Scouts, Venturers, Leaders and parents at the first ever Island Region Cub Camp.

There were packs from Tofino, Port McNeill and Cobble Hill as well as those from the Districts in between. There was only one District not there.

During the day the boys were engaged in a variety of activities including first aid, knot tying, crafts and games.

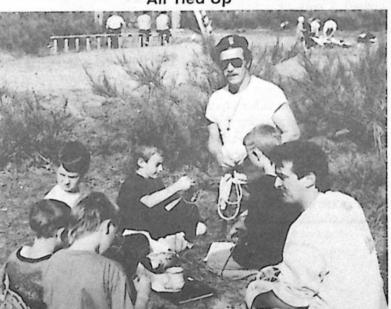

Saturday night there was a large campfire out on the Confidence Course. This very special campfire was to celebrate the 75th anniversary of Cubbing in Canada. We opened with a special ceremony that was used all over the BC, Yukon Council, and at the same time as the various Districts

and Regions. As always, in an event such as this, the food was an important part and I would like to thank all the wonderful people from CFB Comox who helped with the cooking. You did a terrific job and everyone enjoyed the food. It was quite an eye opener to the Venturers and Scouts who hauled the hayboxes and then returned and cleaned them.

The Cubs who attended this camp had a wonderful time and have some very special memories and I know we would all like to do it again.

Hallowe'en Street Safety

The end of October is a spooky time of year. The streets are filled with ghosts and goblins, all looking to have fun. There are, however, those who forget that safety

If you are the parent of one of these spooks, ensure that they do their haunting safely. Keep them visible to motorists by using reflective markings on costumes or light coloured costumes that can be seen at night. Use makeup rather than masks where possible or, if masks are used, make sure they are the type that provide unobstructed vision for the person wearing them. Why not have them carry a flashlight so as to be seen as well as being able to see better?

While the kids are out make sure they have a responsible person with them, whether a parent, older sibling or friend. If someone can't go with them, have them travel in a group. Regardless of

Hallowe'en is a lot easier on

parents nowadays than it was a

few hundred years ago. A hectic

night of protecting your family

from hobgoblins, fairies, and as-

sorted spirits of the dead would be

enough cause for any parent to

But although Hallowe'en is

out in groups;

Have a Safe Hallowe'en

by Cpl Dan Troughton

The Men's Flag Football league is about halfway through and "We're Bad!" No I'm serious, we are bad.

Hallowe'en is a time for our

little ghosts and goblins to go out

and have a fun time. However,

you as parents must ensure their

safety. The following tips are of-

fered to help you educate your

children about Hallowe'en

- select a light coloured, flame

- makeup is better than masks

- choose a costume that fits

walk, don't ride a bike. Cos-

comfortably and keep it short to

tumes can get caught in the

resistant costume with reflective

because it does not obscure

tape or bands;

avoid tripping;

spokes or pedals;

For those of you who didn't know, and judging by the tumout for each game, that includes everyone, the Base has a team in the North Island Flag Football

now, but there are still some games left to be played each Sunday at Bill Moore Park. Game times vary between 10, 12 or 2 o'clock.

So that's what we've been

discouraged and keep trying.

21 guys. But due to shift working, new players and some guys losing interest, there's about 8 of us who are regular players that have been to every game from the start.

The season is about half over

You may have read about us in The Record, with words like: "Trashed, Smoked, Creamed, and Slaughtered, etc ... " The City papers never do have anything good to say about us, but I am learning a whole bunch of new synonyms for "Beaten real bad!" But all the other teams in the league are quick to our defense. Telling us that every team started this way, that we should not be

doing. We've been trying hard and having fun. WE WILL NOT

There's myself and Paul Kavanagh who share the quarterbacking duties. I like to throw long whereas Paul likes to run with it. We have Richard Jomha as coach doing a fine job in a position that no one else would like. For receivers there are Randy Kopetsch and Mike Lonigro. They both have great hands and always come up with the big catch when we need it. On defense we have Dan Renwick and Darren Blair. They love to run around screaming with arms flailing, looking for that always elusive sac. Darren also does a great job as our kicker. Then there is Paul 'Hose' Hosegrove. He plays center, receiver, and both offensive and defensive lines. He is by far the hardest playing individual on our team, giving his all, every play, be it practice or

try half as hard as he does then we The team consists of roughly might win a few. To familiarize you with the team here are some of the most

THURSDAY 24 OCTOBER 1991

cially opened the CFB Comox campaign Monday morning by accepting the Royal Proclamation. Our activities commenced Tuesday morning with a Fire Drill at Airport Elementary School. The school was evacuated within two minutes and a complete head count was achieved within three minutes. This is an excellent time for a school with over four hundred students. It is apparent that Mrs. Davies and her staff are concerned about fire prevention and help promote this awareness m our children. Following the fire drill all the children assembled in the field south of the school. The

Fire Department was called in to

would respond to an actual fire. The school was then split into two groups, which assembled in the gym at different times that morning to receive a fire prevention talk. Personnel from the Fire Department showed a film and discussed with the children the proper steps to take to escape from their homes if a fire were to occur. They also received demonstrations such as what to do if their clothes catch on fire.

National Fire Prevention Week a Success

The National Home Fire Drill was conducted at 1900 hrs in PMQs that night. Fire Department vehicles drove through the PMQ area with their sirens sounding. Many residents evacuated their homes in timely

On Thursday, fire evacuation drills were conducted on high hazard/occupancy buildings on Base throughout the day. This was to confirm that Base personnel are familiar with procedures to follow in the event of fire in their workplace.

The Base Fire Department hosted a barbecue luncheon on Friday for all building custodians and fire wardens. This was in recognition for their diligent efforts in the fire prevention program throughout the year. The BTSO was on hand to pass on his appreciation and continued support to those who were in atten-

Slow Down at Intersections -- BCAA

BCAA is asking all motorists to slow down and use caution and courtesy in support of ICBC's October 21 - November 1 'Fools Rush In' intersection safety campaign.

"If everone pays a little more attention to their driving, particularly in intersections, we hope we can reduce the deaths, injuries and property damage that result from traffic crashes in intersections," says Patti Bacchus, a BCAA Senior Public Affairs Of-

ficer.

ICBC statistics show that over 100 people are killed each year and 21,000 are injured in B.C. intersection crashes.

"In addition to the tragedy and suffering of those deaths and injuries, all B.C. vehicle owners are footing the insurance bill when they pay their ICBC premiums," says Bacchus.

As an advocate of the B.C. motorist, BCAA encourages drivers to save themselves some

money by driving carefully and allowing themselves ample time to get to where they're going.

"Try to avoid feeling rushed when you're driving. If you're feeling pressured and in a hurry, you may start increasing your risks such as following too closely, running yellow lights, failing to yield or driving without your attention fully on the road. Take your time, look around, and you may save in the long run," Bacchus adds.

On Hallowe'en Night:

Do you know where

your children are?

Certificate of Training USAF Contingency Firefighter Course

Presented to MCpl Beazley by Maj R.J. Kampman, BCEO.

MCpl Beazley attended the course at the USAF Air Base Combat Support Training Complex, Elgin Air Force Base in Florida.

The training consisted primarily of control of firefighting forces in a wartime environment. MCpl Beazley stated that the hardest part of the course was learning the acronyms ie: RED HORSE (Rapid Engineer Deployable Heavy Operational Repair Squadron.) Well done Gary.

1991 Poppy Remembrance

Campaign

OTTAWA -- The 1991 Poppy-Remembrance Campaign officially begins during the last week of October in cities, towns and villages across Canada.

Organized and conducted by The Royal Canadian Legion, the Campaign serves to remind Canadians of the sacrifice made by the 114,000 men and women who gave their lives in the military service of Canada during two world wars and the Korean War.

Last year over 15 million poppies were distributed throughout Canada during the campaign which lasts approximately two weeks. Contributions received during the campaign are used to assist veterans, ex-service members and their families who are in need. Funds not used for this purpose may be spent on community assistance programs, such as the purchase of medical equipment, funding medical research, disaster relief and accommodation and care facilities for needy elderly and disabled persons. In 1991 over \$5 million were distributed in accordance with the General Bylaws of The Royal Canadian Legion.

His Excellency, The Right Honourable Ramon Hnatyshyn, Govenor General of Canada, will receive the ceremonial 'first poppy' of this year's campaign on October 25, at a ceremony at the Rideau Veterans' Home in Ottawa.
